

DEDICATIONS, MEMORIALS, AND RECOGNITIONS

The Mansfield School Committee acknowledges there are occasions when the school community desires to create a dedication, memorial, or recognition of an individual.

As places designed primarily to support learning, school sites should not serve as the main venue for permanent memorials. All dedications, memorials, or recognitions for individuals must receive prior approval from the superintendent or designee. For the purposes of this policy, a dedication, memorial, or recognition that exists for longer than one month shall be considered permanent.

Temporary dedications, memorials, or recognitions for individuals will be limited to flower arrangements, banners, photos, notes, locker or student desk displays.

Permanent dedications, memorials or recognitions shall be limited to endowments or scholarships. Scholarships and endowments may be established either as one-time or perpetual awards, with a description of the purpose of the endowment or scholarship. The school principal or superintendent/designee reserves the right to accept or decline such endowments or scholarships.

Any permanent memorials in existence before the adoption of this policy can only be removed by a vote of the School Committee.
